Each year, Case Western Reserve University celebrates National Engineers Week by hosting activities and events to honor the achievements made by engineers and the positive impacts the profession makes upon our everyday lives. The premier annual Engineers Week event, the Engineers Week Banquet, attracts more than 600 guests including students, faculty, distinguished alumni and corporate sponsors. The event showcases student research and pays tribute to the Case School of Engineering brand of cutting-edge research and innovation.

We would like to invite you to be a part of Engineers Week to promote your company as well as network with our renowned students, faculty, alumni, corporate sponsors and guests.
